

OH, THE PLACES YOU'LL GO!

1. Clek

Baby on board? Ensure your baby's ride is both safe and sustainable by investing in Clek's Liing infant car seat! All Clek seats are built on metal substructures for extra safety and come with a rear-facing option for up to age four (which is law in Sweden!). Made in North America with ethically sourced 100% merino wool lining and no added flame-retardants, Clek is the first and only car seat manufacturer with a recycling program. Plus, they give employees paid time off to volunteer at a charity of their choice! Liing seats work seamlessly with many of your fave stroller brands (including Bumbleride!). clek.ca

2. Bumbleride

Ride on, baby! Bumbleride strollers will get you there in eco-style! With fabrics that are PFC-free, certified by OEKO-TEX Standard 100, made from 100% recycled PET, and black colourways that use an innovative dye process that saves 25-40 gallons of water per stroller, Bumbleride takes eco-friendly usability seriously! Other great features include handlebars that are available in either thermoplastic rubber or 100% cork and plastic components that contain recycled nylon from Taiwanese fishing nets, and a 100% organic cotton seat insert. Go from baby to preschooler with an add-on toddler board that lets growing kiddos enjoy the ride! bumbleride.com

Whether your travels take you down the street or around the world, having a few quality baby-friendly essentials can make any baby-toting adventure a breeze! Check out some of our favourite hardworking, eco-friendly picks that are up to the challenge of a baby on the move!

3. Colgate

Make almost any surface a comfy change station with Colgate's 2-Sided Contour Eco Pad. Made with eco-friendlier CertiPUR-US certified foam that uses sustainable plant oils, and covered with a waterproof-backed, damask cloth cover to keep messes to a minimum. Hypoallergenic, phthalate-free, and CPSIA-compliant, this pad is also GREENGUARD Gold certified and made in the USA. Includes a rigid fibre support board, safety strap, and screws for a permanent installation. colgatekids.com

4. Moby Wrap

Keep your little one close with a Moby Wrap. Made from 100% breathable cotton, this one-size-fits-all gem can take baby from newborn all the way to toddler! Go hands-free in comfort while still having baby close to your heart (and close enough for all those lovely smooches!). Customizable as baby develops so they can face front, inward, or sit on the hip! For 8-33 pounds. mobywrap.com

5. Ergo Baby

No matter how your baby prefers to hang out, Ergo Baby's Omni 360 carrier can help them enjoy the ride! From front-facing, to backpacking, from hip slinging, to snuggling up close, the Omni 360 carrier is lightweight while still offering ergonomic support for both you and baby, plus room to grow from newborn to 48 months! ergobaby.com

6. Miniware

Make baby's foray into self-feeding a breeze with Miniware First Bites! Made from food-grade silicone and plant-based, petroleum free, biodegradable PLA, this set is designed to grow and go anywhere your little one does! The teething-friendly silicone spoon, removable suction foot, and specially angled snack bowl for easy scooping and adventure-friendly on-the-go lid will help little ones learn the art (mostly) of mess-free eating! Available in the US but Canadian distribution hopefully won't be too far off! miniware.com
